Welcome Message

Dear All,

Pharmaceutics & Drug Delivery Systems Conference welcomes you to **3rd World Congress & Expo on Pharmaceutics & Drug Delivery Systems** during **March 19-20, 2018 at London, UK** which will bring together world leaders in their respective fields in the fascinating environment of London, UK. Pharmaceutics and Drug Delivery Systems Conference is to explore on Current Issues of Pharmaceutics ,Drug Targeting, Drug Discovery and Medicinal Chemistry, Recent Innovations in Drug delivery technology, Advances in Biotherapeutics-Drug Discovery and Development, Management of QA/QC in Pharmaceutical Industry, Nanotechnology in Drug Delivery Systems , Regulatory Issues in Pharmaceutics and Novel Drug Delivery, Vaccine Drug Delivery Systems, Physiological Considerations of Drug Delivery, Medical devices for Drug Delivery . This event gives a chance for all the professionals to gain and share information on Pharmaceutics & Drug Delivery Systems. We do expect this conference will be an opportunity to meet and gather with colleagues from different countries and other parts of UK.

Conference Objectives:

- To facilitate opportunities for networking, collaboration and exchange of ideas with internationally renowned leaders in Drug Discovery research.
- To identify research and practice based innovations in optimizing Drug Discovery research and development.
- To debate gaps and priorities for sustainable development in optimizing Drug Discovery research and development.
- To discuss and debate the challenges and opportunities in the new era of optimizing Drug Discovery research and development reforms.
- To identify opportunities for evidence-based practice in optimizing Drug Discovery research and development.

We look forward to seeing you in London in March, 2018...!!!

Best Regards

Pharmaceutics and Drug Delivery Systems Organizing Committee

Conference Highlights

The Scientific Federation brings you an immense opportunity to be a part of scientific acceleration to world class personalities, young scholars, scientific delegates and young scientists to join in this forum to utilize the expertise and novelties that brings a new era for innovations in the fields of Pharmaceutics and Drug Delivery Systems which brings well versed scrutinizers at one place.

- Recent Innovations in Drug delivery technology
- Drug Targeting
- Nanotechnology in Drug Delivery Systems
- Drug discovery and Medicinal Chemistry
- Physiological Considerations of Drug Delivery
- Advances in Biotherapeutics-Drug Discovery and Development
- Vaccine Drug Delivery Systems
- Current Issues of Pharmaceutics
- Management of QA/QC in Pharmaceutical Industry
- Regulatory Issues in Pharmaceutics and Novel Drug Delivery
- Medical Devices for Drug Delivery
- Physical Pharmacy
- Pharmaceutical Technology
