Email: dermatology-2019@scientificfederation.com
Welcome Message

On behalf of the Organizing and Advisory Committee we take great pleasure in welcoming dermatologists, academicians, chemists, researchers, students and experts of application fields to Milan, Italy for the 2nd edition of Dermatology conference to foster the progress in the field by contributing with your expertise to what promises to be a very comprehensive and exciting meeting, and to enjoy the immense unique artistic heritage and wonderful landscape of Italy.

2nd International Summit on Dermatology (Dermatology-2019), which will be held during March 25-26, 2019 in Milan, Italy is now an established event, attracting global participant’s intent on sharing, exchanging and exploring new avenues of Dermatology and related research and latest developments. The event will have 5-6 world level (Highly cited class) Plenary speakers, established Keynote speakers, active Invited speakers and fresh contributed speakers. In addition, variety of poster presentations along with workshops and special sessions would be interested in audience.

About Conference:

The aim of the Dermatology-2019 is to promote quality research and real-world impact in an atmosphere of true international cooperation between scientists and engineers by bringing together again the world class researchers, International Communities and Industrial heads to discuss the latest developments and innovations in the fields of Dermatology.

We sincerely hope that Dermatology-2019 serves as an international platform for meeting researchers from around the world, widen professional contact and create new opportunities, including establishing new collaborations.

About Venue

Milan is a city in northern Italy capital of Lombardy, and the second-most populous city in Italy, with the city proper having a population of 1,368,549 while its province-level Municipality has a population of 3,238,161. It is the biggest industrial City of Italy with many different industrial sectors. It is a magnetic point for designers, artists, Photographers and models. Milan has an ancient city centre with high and interesting buildings and palazzos, which is why so many people from all over the world want to see the city of Glamour.

Milan has always been a rich and important city. It has always been a place full of various Famous artists and offers a particular assortment of churches, buildings and monuments. There was a change of culture and art in the Renaissance with big a contribution in the period of the neoclassicism. Milan offers a big variety of buildings, monuments and museums. The Most important church is the Cathedral which is the third largest church in the world.
