## Welcome Message

Dear All,

Nutritional Science & Food Chemistry Conference welcomes you to **2nd Global Summit on Nutritional Science & Food Chemistry** during **May 24-25, 2018 at Valencia, Spain** which will bring together world leaders in their respective fields in the fascinating environment of Valencia, Spain. Nutritional Science-2018 will also provide the excellent opportunity to meet experts, exchange information, and strengthen the collaboration among Directors, Researchers, Associate Professors, and Scholars from both academia and industry.

2nd Global Summit on Nutritional Science & Food Chemistry is anticipating participants from 40 and more countries across the globe and the two day conference will provoke Plenary sessions, Keynote speeches, Poster, and Oral presentations. This program provides two days of robust discussions on recent advancements and new strategies for development of new materials for global requirements

### Conference Objectives:

- To facilitate opportunities for networking, collaboration and exchange of ideas with internationally renowned leaders in Nutritional Science & Food Chemistry research and development.
- To identify research and practice based innovations in optimizing Nutritional Science & Food Chemistry research and development.
- To debate gaps and priorities for sustainable development in optimizing Nutritional Science & Food Chemistry research and development.
- To discuss and debate the challenges and opportunities in the new era of optimizing Nutritional Science & Food Chemistry research reforms.
- To identify opportunities for evidence-based practice in optimizing Nutritional Science & Food Chemistry research and development.

**We look forward to seeing you in Spain in May, 2018...!!!**

Best Regards  
Nutritional Science & Food Chemistry Organizing Committee

## Conference Highlights

The Scientific Federation brings you an immense opportunity to be a part of scientific acceleration to world class personalities, young scholars, scientific delegates and young scientists to join in this forum to utilize the expertise and novelties that brings a new era for innovations in the field of Nutritional Science & Food Chemistry which brings well versed scrutinizers at one place. It provides a platform to have open discussions, knowledge sharing and interactive sessions with field experts at Nutritional Science-2018. We request you to submit a brief idea or abstract of your talk/presentation/symposium/workshop according to your session interest.

- Recent Advancement in Nutritional Science & Food Chemistry
- Nutrition and Nutritional Management
- Nutritional Deficiency and Disorders
- Probiotics in Nutrition
- Nutrition and Cancer
- Food Processing and Technical Methods
- Food & Public Health Nutrition
- Nanotechnology in Nutritional Science & Food Chemistry
- Chemical reactions in foods
- Food safety, security and sustainability
- Food Biotechnology
- Food Storage and Preservation

## About Valencia

Valencia, the third largest city in Spain, offers a great combination of city, sun and beach, with fantastic Valencia beach villas to choose from, and plenty of cool things to do! One of the most beautiful squares in Valencia is the Plaza de la Reina, or 'Queen's Square' in English, located in the old town. It's a great place to hang out, with plenty of places to eat too. Many would say that a holiday in the sun is incomplete without a visit to the beach. Luckily, the city of Valencia has many beaches along its coastline, several of which are unspoilt and undeveloped places to sit down and chill, and maybe take a dip in the lovely blue sea here. Away from the high street shops, there are a lot more interesting and independent shops dotted around where you can get all manner of things, many with an international flavour. The 'City of Arts and Sciences' in Valencia is widely recommended as a must-see for any first-time visitor to the city.
