Welcome Message

Dear All,

Surgery and Anesthesia Conference welcomes you to **2nd World Congress on Surgery and Anesthesia** during **June 11-12, 2018 at Rome, Italy** which will bring together world leaders in their respective fields in the fascinating environment of Rome, Italy. Surgery is medical specialty that uses operative and instrumental techniques on a patient to investigate and treat a pathological condition such as diseases or injury to organs of the body, surgery which helps to improve bodily function or physical appearance or to repair ruptured areas with latest techniques and drugs. Anesthesia is a way to control pain during a surgery or procedure by using medicine called anesthetics. It can help control breathing, blood pressure, blood flow, and heart rate and rhythm. We do expect this conference will be an opportunity to meet and gather with colleagues from different countries and other parts of Italy.

Conference Objectives:

- To facilitate opportunities for networking, collaboration and exchange of ideas with internationally renowned leaders in Surgery and anesthesia research.
- To identify research and practice based innovations in optimizing Surgery and anesthesia.
- To debate gaps and priorities for sustainable development in optimizing Surgery and anesthesia.
- To discuss and debate the challenges and opportunities in the new era of optimizing Surgery and anesthesia reforms.
- To identify opportunities for evidence-based practice in optimizing Surgery and anesthesia field

We look forward to seeing you in Italy in June, 2018...!!!

Best Regards
Surgery and Anesthesia Organizing Committee

Conference Highlights

The Scientific Federation brings you an immense opportunity to be a part of scientific acceleration to world class personalities, young scholars, scientific delegates and young scientists to join in this forum to utilize the expertise and novelties that brings a new era for innovations in the fields of Surgery and Anesthesia which brings well versed scrutinizers at one place.

- General Surgery
- Dental Surgery
- Neurosurgery
- Orthopedic Surgery
- Pediatric Surgery
- Otolaryngology Surgery
- General Anesthesia
- Sedation
- Regional Anesthesia
- Acute Pain Management
- Anesthesia Risks And Complications
- Anesthesia Recovery
- Robotic surgery
- Laparoscopic gallbladder surgery

For Abstracts Submission: <http://www.scientificfederation.com/surgery-anesthesia-2018/abstract-submission.php>
Conference sessions will bring you the latest strategies, research, and best practices to improve outcomes through quality, safety and staffing.

Organizing Committee Members

Luis Ulloa
New Jersey Medical School, USA

Gozal Yaacov
Shaare Zedek Medical Center, Israel

Yanfu Shao
Lewis Katz School of Medicine at
Temple University, USA

Dario Galante
Italian Society of Pediatric Anesthesia
and Pediatric Intensive Care, Italy

Rita Agarwal
Stanford University School of Medicine,
USA

Michael Stark
The New European Surgical Academy,
Germany

Carlos E. Marroquin
University of Vermont Medical Center,
USA

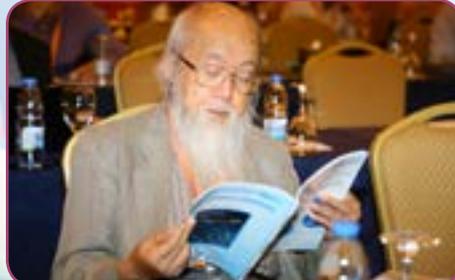

O.A. Ibraheim
Assuit university, Egypt

About Rome

Rome, Italy's capital, is a sprawling, cosmopolitan city with nearly 3,000 years of globally influential art, architecture and culture on display. Ancient ruins such as the Forum and the Colosseum evoke the power of the former Roman Empire. Vatican City, headquarters of the Roman Catholic Church, has St. Peter's Basilica and the Vatican Museums, which house masterpieces such as Michelangelo's Sistine Chapel frescoes. There is archaeological evidence of human occupation of the Rome area from approximately 14,000 years ago, but the dense layer of much younger debris obscures Palaeolithic and Neolithic sites. Evidence of stone tools, pottery and stone weapons attest to about 10,000 years of human presence. Rome is the principal town of the Metropolitan City of Rome, operative since 1 January 2015. The Metropolitan City replaced the old province, which included the city's metropolitan area and extends further north until Civitavecchia. The Metropolitan City of Rome is the largest by area in Italy.

Important Dates

Abstract Submission Opens: May 18, 2017

Registration opens: May 19, 2017

Early bird registration: August 12, 2017

On spot registration: June 11, 2018

Venue

Rome, Italy
