

Welcome Message

Dear Colleagues, Scientists, Pharmacists, Drug Designers, Biopharma Entrepreneurs, Bioengineers and Friends,

4th World Congress & Expo on Pharmaceuticals and Drug Delivery Systems ([Pharmaceutics-2019](#)), March 25-26, 2019 | Milan, Italy

It gives us great pleasure to extend greetings and a warm welcome to everyone attending 4th World Congress & Expo on Pharmaceuticals and Drug Delivery Systems(Pharmaceutics-2019) planned to be held in Milan, Italy, in March 25-26, 2019.

The aims and objectives of this unique Conference is to promote the highest standards of pharmaceutical care in the management and support of patients as well as to equip pharmacy practitioners with the up-graded knowledge about recent developments advance the effectiveness of healthcare delivery and increase the quality of patient care. This monumental event features lots of opportunities to network with partners from the entire World in an exciting environment whilst sensing an explosive burst in Translational Research & Applications to make innovative and upgraded strategic alliances to secure our environment to be absolutely clean!!

Our goal personally is to open a Forum to facilitate the exchange of knowledge and experience and to invigorate the field with young scientists, researchers, biodesigners and bioengineers, pharmacists, business entrepreneurs and specialists in the regulatory affairs. The Conference would secure the attracted participation from many of established leaders as well to open a green light for concentrating focus on generating solutions to the field's challenges. The latter would propose ways to encourage investment in innovation and stimulate the adoption of upgraded Biopharmacy, Biopharma engineering and Translational Biomedicine in the daily life.

The ancient Mediolanum called originally by the Romans became the capital of the Western Roman Empire as well as one of the most

active centers of the new Christian worldwhilst making the destiny of Milan and remaining the latter something of a historical paradox aimed to unveil secrecy of the unique Italian soul, minding and resources. In this sense, the theme reflects our willingness and enthusiasm to offer a really innovative and imaginative Program whilst offering attractive lectures and sessions with well-balanced inputs from academia, biopharma industry and regulators. The Conference will provide the ideal forum to stimulate ideas and establish collaborations as well as to initiate intense discussions to secure projects of the newest generations and to feature a highly interactive, stimulating and multidisciplinary Program including workshops, plenary sessions and panel discussions.

We sincerely hope you will find the Meeting enlightening and inspiring. Come share new perspectives about the new frontiers of pharmacy profession. We hope that, despite the intense Program, you will be able to get some glimpses of the greatest Milan and hope also that you will enjoy the Conference and that your interaction with your colleagues will stimulate a creative exchange of ideas and will be personally rewarding!
